

## **Come fly with us!**

More information at <http://flyingfifteen.mallorcaservice.de>

By the time you read this, the Palma fleet will have moved to our summer base in Pollensa.

We'll also have had our first trophy race – the Hugh Wilson trophy. This isn't so much a race as a rally in three parts; we leave Pollensa and race up to Formentor Island, finishing in the shallow bay. We regroup there, in front of the multi-million Euro beach houses, and race across to Bon Aire on the opposite side of the bay. There we moor up in the small marina, and meet up with family & friends for lunch overlooking the water. Final stage is a race back to Pollensa, although often the race is to catch the last of the wind, more than to beat the competition.

Two more races scheduled in July – Mallorca championships on July 5-7, and then another on July 20.

As promised, more news on the 2014 Europeans – Flying Fifteen International and Real Club Nautico Puerto Pollens have confirmed that the 2014 European Championships will be held in Pollensa from September 14 and 19, 2014. If you want to join the fleet, now's the time to get a boat and get practicing. There are several available, starting at €4,000 right up to a former World Champion! Another way is to come and try crewing with one of the experienced racers – we're always looking for new friends! If you're interested, email Flying Fifteen Spain [ff@mallorcaservice.de](mailto:ff@mallorcaservice.de) and we'll put you in contact with a boat and helmsman.

In the next months: History of the flying fifteen, Racing in Pollensa.
